IN THE CLAIMS

This listing of claims below will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-28 (Canceled)

29. (Currently amended)   A method of diagnosing cancer comprising detecting <u>human</u> C20orf102 protein.

30. (Original) The method according to Claim 29, wherein the cancer is lung cancer, liver cancer or pancreatic cancer.

31. (Currently amended)   The method according to Claim 29, wherein a secretory form of <u>human</u> C20orf102 protein is detected.

32. (Currently amended)   The method according to Claim 29 wherein <u>human</u> C20orf102 protein is detected by an antibody recognizing <u>human</u> C20orf102 protein.

33. (Currently amended)   The method according to Claim 29, wherein <u>human</u> C20orf102 protein present in blood, serum or plasma is detected.

34. (Currently amended)   A method of diagnosing cancer comprising the steps of:
    (a) collecting a sample from a subject; and
    (b) detecting <u>human</u> C20orf102 protein contained in the collected sample.

35. (Original) The method according to Claim 34, wherein the sample collected from the subject is blood, serum or plasma.

36. (Currently amended)   The method according to Claim 34, wherein an extracellular domain of <u>human</u> C20orf102 protein is detected.

37. (Currently amended)   The diagnostic method according to Claim 34, wherein human

C20orf102 protein is detected by an antibody recognizing human C20orf102 protein.
